Introduction

Pembroke House is a “*full boarding school with a responsive approach*”.

This means the school is fully functional, 24 hours a day, from Monday to Sunday, throughout the term, providing a warm, happy and busy environment for all the children in our care. Within this, the school is responsive to the varying circumstances of different families. We understand the individual needs of our parents and children and are open to balancing these with the underlying traditions and ethos of the school. Pembroke is unique and special because of its boarding, and as a school community, must treasure this.

The rationale at Pembroke House is to strike a balance between family and school. A family base gives children security, and confidence and ultimately ensures they are happy within the overall system of care and the structure of the school both as an institution and as a community. The school side of boarding life engenders responsibility, trustworthiness, accountability, self-discipline, independence, organisational skills, respect and tolerance for others, politeness, good manners and confidence. The routine of life at school is there to encourage and develop good habits. The school takes seriously its duty of care towards all children (both promoting and safeguarding welfare) and understands that this should be geared towards each child, not simply the majority.

A good boarding school develops a child’s sense of ‘self’. Children have a certain distance from their family members both physically and emotionally and they develop their own identity.

PART A: Governance, Leadership and Management

The leadership, management and governance of the School enable a culture to thrive which is child-centred, safeguards children’s wellbeing and is ambitious for the progress of every child. Monitoring and accountability are strong and add value. To achieve this aim, the School meets the standards outlined in Part A.

1. Statement of Boarding Principles

Boarding at Pembroke House is based on the following principles:

- There is a statutory requirement to safeguard and promote children’s welfare by ensuring protection against significant harm or neglect.
- Each boarder has the right to be able to work, play and relax free from abuse, intimidation, harassment, teasing and bullying of any type.
- Each boarder has the right to develop academically, physically, spiritually, socially, morally and culturally in an atmosphere of encouragement and trust.
- Every boarder has a voice and a right to be heard.

Pembroke House Boarding Policy

- Boarding is based upon mutual respect for all members and their property.
- There is equal opportunity for all, regardless of gender, race, culture, disability or background.
- All members of the house community, whether pupils or staff, are to be treated as individuals, with courtesy and respect.
- Although living together, staff and boarders acknowledge the right of each other to privacy.
- Despite the distance separating boarders from their families, links with parents are seen as an indispensable part of the support and development of the boarders. Parents are provided with opportunities to support their children and their education and attend various school events during the academic year.

2. Management and Development of Boarding

- The School's Council (governing body) monitors the effectiveness of the leadership, management and delivery of the boarding and welfare provision in the school, and takes appropriate action as necessary.
- The Council has appointed a designated Council Member with responsibility for Safeguarding.
- The School also has an Independent Listener and a School Counsellor who are accessible to the children. Regular Council meetings and staff meetings allow for monitoring to be reported.
- There is clear leadership and management of the practice and development of boarding in the school, and effective links are made between academic and boarding staff.
- Staff attend a daily 'shout' and a weekly staff meeting.
- The House Parents share information with colleagues as appropriate regarding the needs of individual boarders and conduct a weekly boarding meeting.
- House Tutors and House Parents tend to also be academic staff.
- The School's leadership and management are recruited according to their skills and knowledge appropriate to their role and appraisals ensure that staff demonstrate this.
- The School's leadership and management consistently fulfil their responsibilities effectively so that the standards are met.
- A Boarding representative attends weekly meetings with the Senior Management Team where boarding provision is discussed and reviewed.

Pembroke House Boarding Policy

- The School's leadership, management and governance actively promote the wellbeing of pupils.
- The Senior Management Team meets weekly and pupil welfare and safeguarding are standard items on their agenda.
- There is a weekly Staff Meeting and a weekly Pastoral Meeting at which individual pupils are discussed.
- The Safeguarding and Child Protection Policy is an integral part of the School and regular training takes place.
- The House Parents are knowledgeable and have adequate training and experience and they use this to ensure that the boarder's welfare is safeguarded and promoted.
- The School follows and maintains the relevant policies.
- Records are maintained and monitored by the school and action is taken as appropriate.
- Relevant issues are monitored, and action is taken to improve outcomes for children as appropriate.
- We follow and maintain the policies and documents described in Appendix A of this Policy.
- We maintain and monitor the records specified in Appendix B and take appropriate action.

3. Inclusion, Equality and Diversity

- Boarders are not discriminated against on grounds of age, disability, gender, reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation.
- In addition, boarders are not discriminated against because of their cultural background, linguistic background, special educational needs or academic or sporting ability. (This list is not exhaustive, the key factor is protecting boarders from discrimination).
- These factors are taken into account in the care of boarders so that care is sensitive to the different needs and an inclusive environment is promoted within the school.

PART B: BOARDING PROVISION

4. Statement of Boarding Aims and Practice

The School provides a homely and welcoming environment in which boarders feel safe, secure and comfortable and where their privacy is respected. Boarders enjoy their accommodation and mealtimes and feel that their belongings and personal possessions are protected. The School aims to:-

Pembroke House Boarding Policy

- produce an atmosphere of tolerance, openness and trust in which teasing, harassment and bullying would find great difficulty developing.
- develop the whole person, a desire for truth and respect for others.
- produce an open and trusting ethos in which each boarder feels able to approach any other member of the community (staff or pupil), confident in the knowledge that he or she will be treated and respected as an individual.
- provide a range of activities, hobbies and opportunities related to age and maturity that will assist in the personal, social and cultural development of each boarder.
- safeguard and promote the welfare of each boarder, by providing an environment that is, as far as possible, free from physical hazards and dangers of any sort.
- provide accommodation that is comfortable and suited to the needs of boarders, according to age and maturity, and which provides adequate levels of privacy.
- promote a spirit of teamwork and communal responsibility within the house.
- develop boarders' responsibility for self, for others and the environment.
- develop boarders' qualities of leadership and ability to work as part of a team.
- encourage boarders to contribute to the needs and welfare of others in the house and school, as well as those in the wider community.
- provide suitable conditions for boarders to feel able to turn to members of staff to share the good things in their lives, as well as seek advice, counselling and support during times of difficulty.

5. The Boarding Houses

- The children are divided into two Houses: Mackie House for the boys and Scholes House for the girls.
- All dormitories within the boarding houses are open-plan with dividing walls.
- In each House, the dormitories are presided over by one or more Year 8s known as dormitory prefects, who help with the discipline and general care of the children.
- Both Houses have two live-in House Parents and one or two assistants who live nearby. Houses also have a team of House Tutors who help in the house. There are usually two or three gap students assisting as well.
- The Houses are structured, disciplined, safe havens for the children. We understand the Boarding House is the children's home for the duration of the term. Therefore, the House

Pembroke House Boarding Policy

rules are those you would expect in your own home. Good manners are encouraged, recognised and appreciated. We aim to produce happy, confident, self-disciplined children who are resilient, have initiative and are prepared to use it.

6. Boarding Accommodation

- Good quality sleeping accommodation is provided for boarders.
- The sleeping accommodation for boys is separate from the sleeping accommodation for girls.
- The accommodation is good quality, well organised and managed. We conduct ongoing risk assessments and act promptly upon any findings.
- All internet access is secured and we filter and monitor any access to the internet.
- The dormitories have desks whilst evening prep is carried out in classrooms.
- There is a communal common room for each house for social purposes.
- There are separate hot water showers, sinks and toilets throughout the school provided for boys and girls. Toilet and washing facilities provide appropriate privacy for boarders.
- The accommodation provided for boarders is appropriately lit and ventilated.
- There is a team of cleaners responsible for each House.
- Any maintenance required is passed on to the school maintenance team by the House Parents. Reasonable adjustments are made to provide adequate accessible accommodation for any child with restricted mobility.
- Accommodation is well furnished and of sufficient size for the number, needs and ages of boarders accommodated, with appropriate protection and separation between genders and age groups.
- Each child has a single bed and a locker plus storage for sports equipment.
- Bedding is supplied by parents of children, except for sheets, and should be clean and sufficiently warm. Houses have spare bedding for those children who need it.
- Boarders are placed where possible with their peer/age groups according to the layout of the dormitories.
- Boarding accommodation is reserved for the use of those children designated to use it and is protected from access by unauthorised persons. Any use of school facilities by individuals or groups does not allow members of the public (including members of organised groups using school facilities) unsupervised access to children or boarding accommodation while occupied by children.

Pembroke House Boarding Policy

- Staff accommodation is separate and can be locked.
- Children can personalise an area of their accommodation with suitable posters and personal items if they wish.
- There are security measures and procedures in place to prevent unauthorised access to the Boarding Houses.
- There is no use of biometric data/technology or surveillance equipment within the Boarding Houses. Security teams are trained and supervised so as to not intrude on the children's privacy.

7. Boarding Practice

Pembroke House is a full boarding school with a responsive approach. The aim is to encourage as many children as possible to remain at school during the week. However, should parents wish to take their children out they may do so after getting a gate pass from the school Secretary or the House Parents.

Drop Off

- Monday - Friday, drop off is at 7.30 am at Mackie and Scholes House.
- On a Saturday drop off should be by 7.45 am.
- This allows the children to join their classmates to make their beds and take responsibility for their area. This means everyone is part of the dorm competition and this contributes to the best dorms being chosen for dorm dinner at the end of term.
- Registration takes place in classrooms at 7.50 am. Should a child be late then they need to report to the office.

Pick up for those going home

- Years 1 & 2 should be collected between 4.00 pm and 4.15 pm by the roundabout.
- Years 3 & 4 should be collected between 5.20 pm and 5.40 pm by the roundabout.
- Years 5-8 should be collected after Prep at 6.40 pm or after supper at 7.15 pm from the boarding houses.
- Should a parent be unable to collect their child at this time they should let the office or houses know.
- All parents/guardians collecting a child and leaving the school premises must collect a gate pass from the School Secretary or House Parents thereby ensuring that the House and the school are kept up to date with the movements of the children.
- There will of course be times when parents need to pick up their child outside the times described above and should contact the office.

Pembroke House Boarding Policy

- It is best if children in Years 5-8 board but we understand this is not always possible.

Weekends

- We aim to encourage as many children as possible to remain in school over the weekend.
- For children in the Junior School, Saturday school is optional, unless there is a match. However, the Games sessions are particularly beneficial for our Juniors and they also really enjoy the various clubs that are on offer. Parents are encouraged to support Games sessions and clubs.
- We expect Years 5-8 to be in school on a Saturday. Children coming into school on a Saturday should be dropped off by 7.45 am unless they have a match with an earlier departure time. If the children are not in a match the pick-up time is noon. The Saturday Games sessions are extremely important, as they help us be competitive against the other IAPS schools, who have larger numbers than us. Saturday Games means we have extra sessions compared to our day school counterparts, and this helps us to nurture the Pembroke Spirit in our children, who in turn make us all very proud, for they manage to punch way above their weight.
- When a child is collected by anyone other than their parents, the parents give advanced written permission to the Head, the school Secretary, Housemaster or Housemistress.
- The boarding houses are **locked from the inside** between 8:30 pm and 7:00 am for pupil security. Children should not be dropped off or picked up between these times without prior permission of the Housemaster or Housemistress

8. Provision and Preparation of Food and Drinks

- All children, including those with special dietary, medical or religious needs, are provided with meals that are adequate in nutrition, quantity, quality, choice and variety, as per the weekly menu.
- There is a medical/allergies/religious requirements diet list that is regularly updated and distributed.
- Suitable premises are provided for the hygienic preparation, serving and consumption of all children's meals.
- The School Kitchen and Dining Room are within easy reach of the Boarding Houses.
- Three main meals a day are eaten in the Dining Room. During the week Staff serve children at lunch, and Seniors serve children at breakfast and supper.
- Children always have access to drinking water from various water stations across the campus.
- Snacks are provided mid-morning, teatime (3.45 pm) and in the evenings.

Pembroke House Boarding Policy

- Children with a disability are provided with appropriate assistance to eat, in a manner which promotes dignity and choice.

9. Boarder's Possessions

- Boarders' clothing and bedding are laundered and ironed in the on-site school laundry. Clothing is stored and issued in the correct way from the linen rooms.
- Boarders can obtain necessary personal items, while accommodated at school, from the Houseparents.
- A stock of toothbrushes, toothpaste, sanitary ware, hair brushes, shampoo, conditioner and batteries are kept in the Boarding House. Stationery can be obtained from the stationery store.
- Reasonable protection is provided for boarders' possessions. Mobile phones and other valuable items such as passports are kept by the House Parents or School Secretary in a lockable cupboard or safe. A record is kept of all items handed in.
- Children can lock their bedside lockers if they wish.
- Any search of a child's personal belongings should usually be carried out in the presence of the child concerned.
- Any searches without the child present will be carried out by two adults, both of whom ideally should be the same gender as the person whose possessions are being searched (one of whom must be), and will be carried out only under specific circumstances. Such circumstances are defined as the belief that the child may have: knives or weapons, alcohol, illegal drugs, stolen items, tobacco or cigarette papers, fireworks, pornographic images, or any article that the member of staff reasonably suspects has been (or is likely to be) used to commit an offence or to cause personal injury or damage to property, or any item banned by the school rules.
- A written record of any searches will be made in the house log for that day.

PART C: HEALTH AND WELLBEING

At Pembroke House, we aim to ensure that the Boarder's health needs are fully met and their physical, emotional and social wellbeing and mental health are promoted and supported. Any healthcare is provided in the best interests of the child. To achieve this aim, we ensure that we meet the standards set out in Part C of this Policy.

10. Boarder's Health and Wellbeing

- The School has a Sanitorium that is run by the Head Nurse, assisted by a team of nurses and a nursing assistant who implement appropriate policies for the care of boarders who are unwell or injured.

Pembroke House Boarding Policy

- There is always at least one nurse on duty 24 hours a day. There is a nurse available in each boarding house who can be contacted throughout the night and run a clinic in the morning and before they go to bed. The nurse will also be on duty at shower time, making sure that personal hygiene is upheld.
- Parents of boarders must hand any medication to the School Nurse upon their child's arrival at school.
- Each pupil in the School must have an up-to-date Medical Form.
- If a boarder is unwell, parents will be contacted to inform them and to discuss the various options.
- The school provides suitable accommodation in the Sanitorium, including toilet and washing facilities, to cater to the needs of sick or injured children. The accommodation is well staffed by appropriately qualified personnel; adequately separated from other boarders; and provides separate accommodation for boys and girls.

- The School respects the confidentiality and the rights of children as patients.
- The School has, and implements effectively appropriate policies for the care of boarders who have medical conditions and/or are unwell, ensures that the physical, mental and emotional well-being of boarders is promoted and prompt action is taken when health concerns are identified. The policies include first aid, care of those with chronic conditions and disabilities, dealing with medical emergencies and the use of both prescription and non-prescription medication.
- Boarders are supported and educated to understand their health needs, how to develop and maintain a healthy lifestyle and make informed decisions about their health.

Pembroke House Boarding Policy

- The school ensures that all staff are aware that safeguarding and promoting the welfare of children is everyone's responsibility throughout the school and the boarding facilities.
- We consider it essential that children are safeguarded from potentially harmful and inappropriate online material.
- Children do not have access to personal devices in the boarding house other than MP3 players and 'brick or dumb' type phones unless in a supervised setting. - The school as part of its health and safety policy, has written procedures setting out the contingency arrangements in case of a major incident, including what happens in the case of an overnight emergency where the premises need to be evacuated.
- The school has procedures to ensure boarders' safety when offsite under the care of the school, including when on organised visits. These procedures should be proportionate and focus on managing assessed risks.

13. Fire Precautions and Drills

- The Emergency Response Procedure Policy includes the procedures for those in the Boarding House.
- Fire drills are regularly carried out during boarding time, at least once per term.

PART F. BOARDER'S RIGHTS, ADVOCACY AND COMPLAINTS

- This policy complies with relevant legislation and guidance and is understood by staff and pupils. Compliance is regulated through the HR manager who keeps up to date with local legislation.
- Senior leaders regularly monitor the use of restraint, take appropriate action to prevent the inappropriate use of restraint, and take effective action when inappropriate has been used.
- The Head considers whether a member of staff requires any additional training and support to enable them to de-escalate potential confrontations between pupils, or potentially violent behaviour, to minimise the need for restraint.

19. Preventing Bullying

- The school ensures that all forms of bullying (including cyberbullying, prejudice-based and discrimination), at the school, are prevented in so far as reasonably practicable, by the drawing up and implementation of a proactive and effective anti-bullying strategy. (See the *Anti-Bullying Policy*)
- Any instances of bullying are dealt with effectively. Staff take steps to help pupils to overcome the impact of bullying. All school staff are trained to recognise bullying and know who to go to if required, in order to ensure bullying is dealt with.

- The House Parents have their own (clearly designated and lockable) accommodation, with kitchen, living and sleeping accommodation as well as toilet and washing facilities separate from the boarders.
- No child should have access to staff residential accommodation, other than in exceptional circumstances or where there is a timetabled meeting or event, such as tutor meetings and there are more than 3 children present. Where this occurs, a one-to-one situation will be avoided with children and another adult must be present. There is no inappropriate favouritism or one-to-one contact between staff and children.

- There is a Prefects Policy (See *Appendix 2*)
- Prefects are given appropriate responsibilities and specific duties.
- Weekly Prefects meetings with the Head and Head of Pastoral, and regular meetings with the Head of Seniors, Tutors and House Parents help to guide the children as to what is required.

PART J: CHILDREN ACCOMMODATED OFF-SITE

We currently do not have any boarders accommodated off-site in the care of a third party. However, should this change we would aim to ensure that boarders accommodated off-site, placed by the school in the care of a third party, are kept safe and protected from harm at all times

To achieve this aim, we strive to ensure that we meet the standards set out in Part J of this Policy.

25. Lodgings

Pembroke House Boarding Policy

- Where any lodging off-site is anticipated, clear communication between the parents and the School is established as to who is arranging the accommodation.
- We ensure that any lodgings arranged by the school to accommodate pupils provide good quality accommodation and supervision, are checked before use, and are monitored by the school during use including checks at least termly.
- All lodgings are of a comparable standard to the accommodation provided by the school.
- Staff visit all potential lodgings and interview the adults responsible for the accommodation of the pupils in each lodging, take up references and record a satisfactory assessment before any pupil is placed there.
- No children are allowed to stay in lodgings unless accompanied by a member of Pembroke House staff.
- Pembroke House only uses hotel or lodge accommodation, and children are always accompanied by a member of Pembroke House staff.
- The school does not use host families.
- Any concerns or complaints regarding lodgings are recorded and the relevant action is taken.
